A record number of galleries have applied this year. With a passionate ambition to strengthen our network and cooperation with other Nordic institutions and companies, our objective is to activate the fair during the entire year. ” – says Saskia Neuman, Director, Market Art Fair.

Initiated in 2006 by galleries representing the Nordic countries: Denmark, Finland, Iceland, Norway and Sweden, Market Art Fair has become a trusted market and meeting place in the heart of the Nordic art industry.
